Now, you say it's the end  
Oh, but I think we can start over again  
Just to think of the time  
We were mellowed by spices of love

Let's not pretend  
This can be the end of this love affair  
We have all of the time  
In the world to live it again

Baby, we can start over again  
We can start over again  
We can start over again  
We can start over again and again

As our hearts join one more time  
Misunderstanding we could live behind  
Don't you think it ain't true  
I'm gonna keep on loving you

Let's not pretend  
This can be the end of this love affair  
We have all of the time  
In the world to live it again

Baby, we can start over again  
We can start over again  
We can start over again  
We can start over again and again

Baby, we can start over again  
We can start over again  
We can start over again and again

With you out of my life I can't sleep at night  
I climb the highest mountains  
Swim the deepest sea  
To get to that love that belongs to me

As our hearts join one more time  
Misunderstanding we could live behind  
Don't you think it ain't true

I'm gonna keep on loving you

Baby we can start over again  
We can start over again  
We can start over again  
We can start over again and again  
And again and again, baby

Now, you say it's the end  
Oh, but I think we can start over again  
Just to think of the time  
We were mellowed by spices of love

Let's not pretend  
This can be the end of this love affair  
We have all the time  
In the world to live it again

Baby, we can start over again  
We can start over again  
We can start over again  
We can start over again and again
