When I'm down and when I'm feeling sad  
You wake me up, you make me glad  
Even if I'm really out of control  
You stand by me when I stumble and fall

I'm confused tonight, I'm feeling blue  
You'll find a way to help me through  
Want you tonight 'cause I feel time is right?  
Need your sleazy love deep down inside

I can't give you nothing but love, babe  
Tried to change but it's pretty hard  
I wanna be no hero but I know I would die for you  
I wanna be no hero but I'm ready to fight for you  
I wanna be no hero, ooh, but I can give you love

Life is a mess, oh yeah  
I know that living's not easy with me  
Watching my love betray on [Incomprehensible]  
You drove away all my sorrows and pains  
My love is strong more than a game

I can't give you nothing but love, babe  
Tried to change but it's pretty hard  
I wanna be no hero but I know I would die for you  
I wanna be no hero but I'm ready to fight for you  
I wanna be no hero, ooh, but I can give you love

I wanna be no hero, need you tonight  
I wanna be no hero, stay by my side  
I wanna be no hero, need you tonight  
I wanna be no hero, ooh, but I can give you love

I can't give you nothing but love, babe  
Tried to change but it's pretty hard  
I wanna be no hero but I know I would die for you  
I wanna be no hero but I'm ready to fight for you  
I wanna be no hero, ooh, but I can give you love

I wanna be no hero  
I wanna be no hero  
I wanna be no hero

I wanna be no hero

I wanna be no hero

I wanna be no hero
