Man - I know that you're out in the crowd  
And I feel how you burn your hate in my soul  
It's like I'd have my hand in your coat  
And feel the stainless steel of your sword

Years - have gone by I know that she's left you  
Before I passed by  
I was collecting the dreams of the heart  
And then she was reborn in my arms

Can't you see that you've lost her soul  
She's been gone a long time ago  
Man - it's been a long time since you've lost her heart

Man - you're dying  
For what you've lost but never had  
'cause you've been losing  
More than you have ever had  
Man stop longing  
For the girl you made so sad  
Always losing for so long - for so long

Man - why are you running blind to the past  
Why don't you try to understand  
When I found her she was dying  
Trying to kill herself

Maybe you didn't know what you've done  
But all you wanna do is wrong  
Man - you came to kill for someone who's gone  
Man - it's been a long time since you've lost her heart

Man - you're dying  
For what you've lost but never had  
'cause you've been losing  
More than you have ever had  
Man stop longing  
For the girl you made so sad  
Always losing for so long

Man - you're dying  
For what you've lost but never had

'cause you've been losing  
More than you have ever had  
Man stop longing  
For the girl you made so sad  
Always losing for so long
