Everyone is telling that he was born as a love child
By looking in his eyes something turned me lose in this
hot night
Feeling the power of lust when the guy's passing by
Wrecking one's brain and I'm going insane don't know
why

I can feel your sex winding up a girl in the red dress
And my brain is gone, what is going on, I'm burning
inside
Feeling the power of lust when the guy's passing by
Wrecking one's brain and I'm going insane don't know
why

A love child, running wild, a love child
A love child, running wild, a love child, love child

I gotta tell myself that he was born as a love child
And the story of his way should not make me stay in
this hot night
Feeling the power of lust when the guy's passing by
Wrecking one's brain and I'm going insane don't know
why

A love child, running wild, a love child
A love child, running wild, a love child, love child

Don't know what I am, a woman or a man
Many troubles behind me
I'm doing all I can but I'm what I am
Leave me alone don't mistreat me

Feeling the power of lust when the guy's passing by
Wrecking one's brain and I'm going insane don't know
why

A love child, running wild, a love child
A love child, running wild, a love child, love child
