When the day is done the night rolls in  
Lonely lovers come alive  
Like a heartbeat in a world of sin  
Cruising around hungry eyes

Like a midnight train going nowhere  
Fading dreams of the city  
Penthouse beds, sweet love affairs  
Crimes of passion for the pretty

Man in blue on his beat  
Unseen faces in the streets

Neon nights, neon nights, endless flame  
Neon nights, neon nights, never change  
Neon nights, neon nights, endless flame  
Neon nights, neon nights

Red eye whiskey and lady luck  
Have always been good friends  
Their love is pain, the same old stuff  
Always alone in the end

Could they be me and you  
Watching how the nights move

Neon nights, neon nights, endless flame  
Neon nights, neon nights, never change  
Neon nights, neon nights, endless flame  
Neon nights, neon nights

Neon nights, neon nights, endless flame  
Neon nights, neon nights, never change  
Neon nights, neon nights, endless flame  
Neon nights, neon nights

Neon nights, neon nights  
Neon nights, neon nights  
Neon nights, neon nights
