I've gone so many ways
Have been to all places
But everything seems
So sad without you

Your love has flown away
The days are cold and gray
I can't love no one else
Like I've loved you before, before

Take my hand, I'll take your soul
Oh, don't say you can't love me no more
Girl, I need you so much
I feel so lonely, so lonely

Can't believe this shall be the end
But the love letters I have sent
Have got no answer
How can I go on

Baby, give me your love, no time to lose
Baby, come back, drive away all my blues
Light up my life, don't waste no time
I know if you are back then you are mine

Baby, give me your love, no time to lose
Baby, come back, drive away all my blues
Light up my life, don't waste no time
I know if you are back then you are mine

Your love has flown away
The days are cold and gray
Can't love no one else
Like I've loved you before, before

Take my hand, I'll take your soul
Oh, don't say you can't love me no more
Girl, I need you so much, I feel so lonely

Baby, give me your love, no time to lose
Baby, come back, drive away all my blues
Light up my life, don't waste no time

I know if you are back then you are mine

Give me your love, no time to lose
Baby, come back, drive away all my blues
Light up my life, don't waste no time
I know if you are back then you are mine

Give me your love, no time to lose
Baby, come back, drive away all my blues
Light up my life, don't waste no time
I know if you are back then you are mine

Give me your love, no time to lose
Baby, come back, drive away all my blues
Light up my life, don't waste no time
I know if you are back then you are mine
