My bones are trembling  
Veins are filled with ice  
I see you swagger through  
Your boots are shiny, too  
I still feel your torture  
Messing up my life  
I cannot forget  
How you showed me your despise  
Deep down in the gravel  
I lie and wait for relieve  
And I hear the orders you scream  
Sounds like a choir to me  
Stand tight  
- all right  
And assume the position - we all stand together  
Stand tight - all right  
And assume the position - we all stand together  
I know I am unconscious  
Just what you like to see  
You say you've got to drill me  
And you let me kiss your gun  
I have to clean your boots  
In every way you like

You deny my human rights  
You don't make it easy  
And I am so down  
So devoted and humbled to you  
What more can a slave remain  
Before he floods away  
Stand tight  
- all right  
And assume the position - we all stand together  
Stand tight - all right  
And assume the position - we all stand together  
Stand tight - all right  
- we all stand together  
- all right  
- we all sta  
nd together  
- all right  
- we all stand together

- all right  
- we all stand together
