Black leather, steel engines  
All the people call us street fighting man  
Rude manners, hard woman  
That's the reason why we join the gang

No friendship, damned cops  
We just stay the way we are  
Drugs and whiskey, downtown heroes  
We control the city roads

Free wheeling on the highway  
A hundred engines are racing around  
Like thunder and lightning  
Can't you hear the roaring sound?

Making rules, giving orders  
You're thinking that you are the stars  
But we hate you damned faces  
You're little houses and bloody cars

Hate you, hate you, leave us alone, man  
Keep your stuff and stay where you are  
Hate you, hate you, leave us alone, man  
Keep your stuff and stay where you are

Hate you, hate you, leave us alone, man  
Keep your stuff and stay where you are  
Hate you, hate you, leave us alone, man  
Keep your stuff and stay where you are

Black leather, steel engines  
All the people call us street fighting man  
Rude manners, hard woman  
That's the reason why we join the gang

No friendship, damned cops  
We just stay the way we are  
Drugs and whiskey, downtown heroes  
We control the city roads

Hate you, hate you, leave us alone, man  
Keep your stuff and stay where you are

Hate you, hate you, leave us alone, man  
Keep your stuff and stay where you are

Hate you, hate you, leave us alone, man  
Keep your stuff and stay where you are  
Hate you, hate you, leave us alone, man  
Keep your stuff and stay where you are

Stay where you are
