Roll on

The hot music's growing burns, my head's playing  
tricks

I know it's going, going to my brain

Get burnt up before the feeling

(say goodbye) running through my ways

Flying, dying, crying all night long

Roll on

Never stop your moving, feel the night no don't lose it

Try (\_\_\_\_\_)

Ready for the spark

(\_\_\_\_\_)

It's too much, much too much

He's the winner, he's the sinner, (let me \_\_\_\_\_)

Thunder and lightning, (stand yourself \_\_\_\_\_)

Thunder and lightning, stand it if you can

Squeezing and teasing, touch you deep inside

Thunder and lightning, feel it in your mind

He shows he's plain, (\_\_\_) back to me

(\_\_\_\_\_), all he couldn't be

By the way, before (\_\_\_)

(\_\_\_\_\_)

Chorus- repeat
