I am chewing on power lines
Spraying the yard in spark
Clouds were bruised when the day broke
Clouds were bruised when the day broke

You're in this town
You're in the ???
Stinging my eyes enthralled (?)

Clouds were bruised when the day broke
Clouds were bruised when the day broke

I went abroad, wrote a line home

Wouldn't write again
'Til the cruel year was gone

My lips
Kisses cotton (?)
Got stuck here forever

Clouds were bruised when the day broke
Clouds were bruised when the day broke
Clouds were bruised when the day broke

Chewing on power lines
Spraying the yard in spark
