What would you think if I told you  
I've always wanted to hold you  
I don't know what we're afraid of  
Nothing would change if we made love

So I'll be your friend  
And I'll be your lover  
'Cause I know in our hearts we agree  
We don't have to be one or the other  
Oh, no, we could be both to each other

Yes, it's a chance that we're taking  
And somebody's heart may be breaking  
Ooh, but we can't stop what's inside us  
Our love for each other will guide us

So I'll be your friend  
And I'll be your lover  
'Cause I know in our hearts we agree  
We don't have to be one or the other

I've been through you  
You've been through me  
Sometimes a friend is  
The hardest to see

We always know when  
It's laid on the line  
Nobody else is as easy to find

So I'll be your friend  
And I'll be your lover  
Yes, I'll be your friend  
And I'll be your lover

'Cause I know in our hearts we agree  
We don't have to be one or the other  
Oh, no, we could be both to each other
