Girl don't say a thing
Lie here next to me
Underneath the moonlight
I know it's getting late
Let the music play
It's okay to stay the night

How about we give this
One more try
Come on and let me hold you
Come on you know you want to
One more chance to finally
Get this right
I know you think it's over
Give me a chance to
Change your mind

Ain't been easy
Never will be
It was good
And still could be
I want to touch your skin
Feel your face again
I still believe in you and me

How about we give this
One more try
So come on and let me hold you
Come on you know you want to
One more chance to finally
Get this right
I know you think it's over
Give me a chance to
Change your mind

How about we give this
One more try
One more chance to finally
Get this right
I know you think it's over
Give me a chance to

Change your mind

I still believe in you and me
