You always pull this
From your bag of tricks
You toss a tear on your cheek
Just to see what sticks

Dashboard light reads midnight
You don't want me to go
The house is dark, you're falling apart
And you hate to be alone

But I don't get it
What's wrong with you
I swear you turn it on
Anytime you want to

Cry
Cry on command
Cry
I don't understand
Why you cry on command

Wait a minute
You're not being fair
You know what I've been through
Why would you go there

But you don't get it
I can't hold it in
This ain't who I want to be
It's just who I am

Cry
(I never know why)
(You always think I)
Cry on command
Cry
(Don't ever leave me)
(Don't you believe me)
I don't understand
Why you cry on command

Cry
Why do you think I

Cry
(I never know why)
(You always think I)
Cry on command
Cry
(Don't ever leave me)
(Don't you believe me)
I don't understand
Why you cry on command
