I believed in us baby
I believed in this love
From we would always
Be together
To I would always be the only one
You said I'd never be lonely
Now here I am all alone
I let you take me from
This is forever
To that's just the way love goes

Breakin' up's
The best thing we'll ever do
Couldn't go back
Even if I wanted to
Right now
We're broken down baby
Neither one of us
Wants to be somebody else's maybe
Makin' up's
The best thing we'll never do
Your words
I still remember you
Breakin' it to me
Goin' right through me
I couldn't go back
Even if I wanted to

Said I been getting all your messages
You're beggin' me to call you up
How you were wrong about it
And all you think about is
How you can't quit thinking bout us
I been lying here cryin' baby
Going back and forth all night
From I can't live without ya
To better off without ya
I keep coming back to you were right

Breakin' up's the best thing we'll ever do
Couldn't go back even if I wanted to

Right now
We're broken down baby
Neither one of us
Wants to be somebody else's maybe
Makin' up's
The best thing we'll never do
Your words
I still remember you
Breakin' it to me
Goin' right through me
I couldn't go back
Even if I wanted to

Even if I wanted to
Going right through me
Your words
Going right through me
Breakin' up's the best thing we'll ever do
Breakin' up's the best thing we'll ever do
Breakin' up

Breakin' up's
The best thing we'll ever do
Couldn't go back
Even if I wanted to
Right now
We're broken down baby
Neither one of us
Wants to be somebody else's maybe
Makin' up's
The best thing I'll never do
Your words
I just want to thank you for
Breakin' it to me
Goin' right through me
I couldn't go back
Even if I wanted to

Even if I wanted to
Breakin' up
It's the best thing we'll ever do
