I droped you off
just a little after midnight
sat in my car
till you turned off your porch light
I should of kissed you
I should of pushed you up against the wall
I should of kissed you just like I wasn't scared at all.....
I turned off the car
ran threw the yard
back to your front door
before i could knock
you turned the lock and
met me on the front porch
and I kissed you goodnight
and now that I kissed you
its I goodnight, goodnight, baby goodnight....
You couldn't see me
watchin' threw the window
wondering what went wrong
praying that you wouldn't go
you should of kissed me
you should of pushed me up against the wall
you should of kissed me
I was right on edge and ready to fall.....
I turned off the car
ran threw the yard
back to your front door
before i could knock
you turned the lock
met me on the front porch
and I kissed you
goodnight
and now that I've kissed you
its a goodnight, goodnight baby goodnight....
I turned off the car
ran threw the yard
back to your front door
half- scared to death
can't catch my breath
on these moments we live for
and I kissed you goodnight
and now that I kissed you

its a goodnight, goodnight baby goodnight
its a goodnight, goodnight baby goodnight
its a goodnight, goodnight baby goodnight
its a goodnight, goodnight baby goodnight
