There you go in all  
Your beautiful glory  
Messing with my head  
Like you always did

I'm thinking of things I don't wanna say  
And I can't breathe  
What do I have to tell you, girl  
So you won't leave

Tell me what I wanna hear  
I don't care if you're lying, baby  
I just wanna feel you touch me right now

Go ahead and call it love  
Tomorrow you can deny it, baby  
Kiss me again, let me pretend  
That it's not wrong, baby lead me on

I wanna touch your skin  
I wanna taste it  
And I wanna feel that love  
Like we used to make it

I don't care if we go nowhere  
You're all I see  
One more night with you  
Is all I need, yeah

Tell me what I wanna hear  
I don't care if you're lying, baby  
I just wanna feel you touch me right now

Go ahead and call it love  
Tomorrow you can deny it, baby  
Kiss me again, let me pretend  
That it's not wrong, baby, lead me on

I know what you want  
I know what you need  
I know when I'm gone  
You'll still think of me

You know what I want  
You know what I need  
I know when you're gone  
You won't even think about me

Tell me what I wanna hear  
I don't care if you're lying, baby  
I just wanna feel you touch me right now

So go ahead and call it love  
Tomorrow you can deny it, baby  
Whisper my name, baby, no shame  
Is it so wrong? Baby, lead me on

I know what you want  
I know what you need  
I know when I'm gone  
You won't even think about me

I know what you want  
I know what you need  
Oh, you know, you know, you know, know  
You won't even think about me

I know what you want  
I know what you need  
Baby, lead me on
