You're in my heart, you're in my soul
Don't send me back down that lonely road

You're doin' everything to break my heart
And leadin' it down this road
I've tried and tried with all my might,
Ain't got nowhere to go
Once upon a better time you stood by my side
We went wrong, you're almost gone
But I ain't ready to say goodbye

Love me, don't leave me
I'm beggin' please baby, don't go,

I need your love, I won't let go
Don't send me back down that lonely road
You're in my heart, you're in my soul
Don't send me back down that lonely road
Lonely road
Hey, hey, whoa
Hey, hey, whoa
Hey, hey, whoa

One more time and one more chance
Let's get it back again
It's plain to see there's more to me
I don't want to be your friend
I'm just tryin' to figure out
Right where we went wrong
And I got no doubt that you'll find out
I'm right where you belong

Love me, don't leave me
I'm beggin' please baby, don't go,

I need your love, I won't let go
Don't send me back down that lonely road
You're in my heart, you're in my soul
Don't send me back down that lonely road
Lonely road
Hey, hey, whoa

Hey, hey, whoa
Hey, hey, whoa

I'll never make it alone
Don't send me back down that lonely road
Promise I always will love you, won't leave you
I'm beggin' please baby, don't go.

I need your love, I won't let go
Don't send me back down that lonely road
You're in my heart, you're in my soul
Don't send me back down that lonely road
Lonely road
Hey, hey, whoa
Hey, hey, whoa
Hey, hey, whoa

Hey, hey, whoa
Hey, hey, whoa
Hey, hey, whoa
(Don't send me back, don't send me back baby,
Don't send me back, don't send me back baby,
Don't send me back, don't send me back baby)
