You said you were over me
You just stood there
And watched me falling apart

You didn't care what it did to me
You never even thought twice
About breaking my heart

Didn't you get what you wanted?
Isn't she everything you said I wasn't?

Are you over me now?
Tell me how does it feel
To be the one left without
To lose something so real

Now that your world's crashing down
Are you over me now?

I did what you told me I should do
I stopped wasting my tears
And moved on with my life

Now that you've seen me with some one new
That drives you crazy, makes you hate me
Baby, isn't that right?

I hope it was worth it
Sorry it hurts you, baby
But you deserve it

Are you over me now?
Tell me how does it feel
To be the one left without
To lose something so real

Now that your world's crashing down
Are you over me now?

Now that I'm over you
Now that she's through with you
Are you over me now?

Are you over me? Are you over me?
Are you over me now? Oh no
Are you over me now?

Are you over me now?
Tell me how does it feel
To be the one left without
To lose something so real?

Now that your world's crashing down
Are you over me now?
Are you over me now?
Are you over me now?
