I got a front row seat
An endless invitation
Two hearts beatin', beatin' right in time
It's like we're flyin'
But we ain't even movin'
The sky looks like it's catchin', catchin' fire

See the blacktop steamin'
We're dashboard dreamin'
I got a crazy feelin' just like you, you do

Hey oh
You and me and the radio
Kissing along to our favorite song
Our troubles fade away
Hey oh
I ain't ever gonna let you go
All we need is all we got
Sunset lovin' in the parking lot

Slide over here
Let me lay out all my secrets
Make one thing clear
I wanna make you mine

See the windows steamin'
We're dashboard dreamin'
I got a crazy feelin' just like you, you do

Hey oh
You and me and the radio
Kissing along to our favorite song
Our troubles fade away
Hey oh
I ain't ever gonna let you go
All we need is all we got
Sunset lovin' in the parking lot

It's just you and me getting free
Sunset lovin' in the parking lot
It's just you and me getting free

Sunset lovin' in the parking lot
It's just you and me getting free
Sunset lovin' in the parking lot
It's just you and me getting free
Sunset lovin' in the parking lot

Hey oh
You and me and the radio
Kissing along to our favorite song
Our troubles fade away
Hey oh
I ain't ever gonna let you go
All we need is all we got
Sunset lovin' in the parking lot
Sunset lovin' in the parking lot

It's just you and me getting free
Sunset lovin' in the parking lot
It's just you and me getting free
Sunset lovin' in the parking lot
It's just you and me getting free
Sunset lovin' in the parking lot
It's just you and me getting free
Sunset lovin' in the parking lot
It's just you and me getting free
