"Whanna Take You Home"

Visit "[Whanna Take You Home](#)" on MotoLyrics.com

Well, I've been watchin' you, girl
The way you move got the room on fire
Oh yeah, rock my world
Wanna take you home with me

Well, I ain't lettin' you go
Home with a boy who don't deserve you
Oh yeah, Baby don't say no
I wanna take you home with me

You should never be lonely
Lonely
You're the best that I've ever seen

I wanna take you back to my place
You can do your dance on the kitchen floor
Wanna hear your boots knockin' down that hallway
Right on through that bedroom door
I wanna lay you down next to me
Next to me

I wanna ease your mind, and maybe set you free
Can't you see, I wanna take you home with me

Oh my, time does fly
Two a.m., and the bar is closin'
Are we sayin' goodbye
Or are you comin' home with me

You should never be lonely
Lonely
You're the best that I've ever seen

I wanna take you back to my place
You can do your dance on the kitchen floor
Wanna hear your boots knockin' down that hallway
Right on through that bedroom door

I wanna lay you down next to me
Next to me
I wanna ease your mind, and maybe set you free
Can't you see, I wanna take you home with me

Lay your body next to me
All your troubles up and leave
Ease my mind, and set me free
C'mon, c'mon

Lay your body next to me
All your troubles up and leave
Ease my mind, and set me free
C'mon, c'mon

Maybe stay with me tonight
Hug and squeeze and hold me tight
Kiss your face in the mornin' light
C'mon, c'mon

I wanna take you back to my place
You can do your dance on the kitchen floor
Wanna hear your boots knockin' down that hallway
Right on through that bedroom door
I wanna lay you down next to me
Next to me

I wanna ease your mind, and maybe set you free
Can't you see, I wanna take you home with me

Lay your body next to me
All your troubles up and leave
Ease my mind, and set me free
C'mon, c'mon
