A cheap and evil girl sets out on the city  
She's moistened every curl, she's poisonously pretty  
And the unsuspecting fool falls prey  
As the dim detective's lead astray  
And the genuflecting boy's all say  
The cheap and evil girl will get her way

The cheap and evil girl  
The cheap and evil girl  
The cheap and evil girl

The cheap and evil girl dances if you're worthy  
She teases every twirl, she's deviously dirty  
And you fantasize about the ample  
Milky thighs you'd like to sample  
Vocalize to her example deep, illegal sighs  
Oh! It's a scandal  
The cheap and evil girl  
The cheap and evil girl  
The cheap and evil girl

Into the club for a rub in the sauna  
Stream through the steam, there's a shot, you're a  
gonner  
Cry as you die cause you know you still want her  
She can hypnotize with her evil eyes

The cheap and evil girl wears you like a locket  
She's polished every pearl then she put you in her  
pocket  
And the undertaker hears the sounds  
Of the dumb gumshoe making his rounds  
Shaking all the wrong one's down  
'Cause the cheap and evil girl will not be found

The cheap and evil girl  
The cheap and evil girl  
The cheap and evil girl
