Why?

Why?

Why?

Why?

Where are the children?

Needles in their veins

Waiting for something

Waiting for the rain

I'm only nothing

Nothing you can hide

Waiting for morning

And the morning tide

I can't see

Eyes all around me

I can't see

Eyes all around me

Looking for something

Something you may find

Searching the whole World

It's inside your mind

Digging a hole deep

Deep inside your soul

It's the season

It's the place to go

You want a holy war

You want blood on the shore

You want to live your life

By the words that were wrote

That we broke, so take note

'Cause you're not gonna fall

So get up and revoke

You want to scream Allah?

Follow Hisballah

All the religions of the conquerors

You want to scream Allah?

You want to scream Allah?

Allah

You want a holy war
You want blood on the shore
You want to live your life
By the words that were wrote
That we broke, so take note
'Cause you're not gonna fall
So get up and revoke
You want to scream Allah?
Follow Hisballah
All the religions of the conquerors
You want to scream Allah?
You want to scream Allah?
Allah

I can't see
Eyes all around me
So get up and revoke
You want to scream Allah? (I can't see)
Follow Hisballah
All the religions of the conquerors
You want to scream Allah? (Eyes all around me)
You want to scream Allah?
Allah

Why?

Why?
Why?
Why?
Why?
