Lucy is gazing, out into space
That light up her face, like an angel.
She has starry eyes, starry eyes
Little girl, little girl questioning me.
She says, "Why doesn't everyone
Have what they need?"

Where are the angels, angels, angels,
Where are the angels, angels, angels?"
"I can not tell you, my little darling.

All my faith has fallen, fallen, fallen."
Teardrops, a fire still and voices

The stars in Lucy's eyes
Run down her cheek, like
She says, "Where is the place that
As sweet as an angel.
The good souls go, where they take away,
Take away the pain that they know?
Where are the angels, angels, angels?
Where are the angels, angels, angels?"

"I can not tell you, my little darling.
All my faith has fallen, fallen, fallen."

If I could take, the world in my arms,
Ashes to ashes, we all fall down.
I'd take all the wrong and I'd fly,
Fly, fly.
Ashes to ashes, we all fall down.

Yes, I'd like to know,
Where the good souls go.
Where are the angels, angels, angels?
Where are the angels, angels, angels?

I can not tell you, my little darling.
All my faith has fallen, fallen, fallen.
I can not tell you, my little darling.
All my faith has fallen, fallen, fallen
