If you are crying for me, dry your tears
If you are all dying for me, not this time
If all the pain you've given could somehow just
disappear
It wouldn't be just a figure, it wouldn't be standing
You wouldn't be standing

Here, here
We took so long to fade
Here, here
You see the mess we made
Waiting for a clock to break
Waiting for our souls to break
Wasting/hating every breath I take
Yeah

We pick up the broken pieces, then we start again
We've got to destroy the circle if we want to stay
I jumped off a mountain to see if I could fly
Now it's getting closer, I'll see you on the other side

Here, here
We took so long to fade
Here, here
You see the mess we made
Waiting for a clock to break
Waiting for our souls to break
Wasting/hating every breath I take
Here

(Here, here, here)

Here, here
We took so long to fade
Here, here
You see the mess we made
Waiting for a clock to break
Waiting for our souls to break
Hating every breath I take
Here
