Leaning against the wall of rain
Peace of Mind
Lost in a hurricane
Trying to see right through myself
Trying to see through somebody else
Maybe if I close my eyes real tight
Maybe I'll forget and sleep at night
Please don't let me cry another tear
The memories are what I fear
Is it clear?
The mistake should of left me for you

Can you see the point it causes so much misery
When our lives are so complete
And the time you took away
The things you made me day
I still remember that day

Everything is easy to forget
Buried in my mind the day we met
Trying to see through somebody else
Maybe if I close my eyes real tight
Maybe I'll forget and sleep at night
Please don't let me cry another tear
The memories are what I fear
Is it clear?
The mistake should of left me for you

Can you see the point it causes so much misery
When our lives are so complete
And the time you took away
The things you made me day
I still remember that day
