Don't let the silence fool you inside and insane  
I'm waiting, I'm calling your name  
And when those voices tell me: "Don't be afraid!"  
I'm not afraid, I'm falling, I'm fading away  
And when I'm old and maybe I will work it out  
And if you fall to pieces yeah  
How are we meant to live with the look that you've  
given us?  
Someone tell me!  
Isn't all that we've done just a snowman and paper cut?  
Someone tell me!  
And still I search for answers buried in my brain  
I'm falling the same way again  
I am a fallen hero, only in my mind: hallow mind!  
The memory is leaving  
And now I am older, baby, I can work it out  
And when you fall to pieces yeah  
How are we meant to live with the look that you've  
given us?  
Someone tell me!  
Isn't all that we've done just a snowman and paper cut?  
Someone tell me!  
How are we meant to live with the look that you've  
given us?  
Someone tell me!  
Isn't all that we've done just a snowman and paper cut?  
Someone tell me!  
How are we meant to live with the look that you've  
given us?  
Someone tell me!  
Isn't all that we've done just a snowman and paper cut?  
Someone tell me!
