Pick the place, I'll pick the time
Bring your best, I'll match with mine
You know I'm trying
To be the only, be the only...

[Chorus:]

The lines are dead
Everyone is suffocating, everyone is
Trapped inside in perfect time
Don't fall behind or miss a beat
It's not about the way you move

It's how you feel when you come around

You know I love the way you move
Hit your mark, you're getting close
You know I'm trying
To be the only, be the only

[Chorus]

Know I'm trying to be the only, be the only
Know I'm trying
Know I'm trying

[Chorus]
