If I walk at night no insolent  
Stare into my eyes  
'Cause these they'll see  
Frightening sparks  
Twisting their souls  
No way to be safe from my  
Mind  
I have seen no mortal man  
Who's ready to be free  
Hear my voice  
And just my scary voice

[Pre-chorus]  
Who will dare to cross  
My destiny and provoke me?  
There is only one  
Shaman like me, try to face this

[Chorus]  
Show me your darkest fears  
I'm the worst of them  
With my sorcery  
I will rule this land  
I am every tree  
Crawling clouds of rain  
I will be the snake's poison  
That kills your silently

[Pre-chorus]  
That's my intention,  
That's my kingdom  
There is only one  
Shaman like me, try to face this
