The Lord your God is with you
Hes is mighty to save
He will take great delight in you
He will quiet you with His love

He will rejoice over you with singing
He will rejoice over you with His song
He will rejoice over you with singing
He will rejoice over you with His song

And through the night (in your darkest hour)
When you are tired (and you've lost all hope)
He will hold you tight

He will rejoice over you with singing
He will rejoice over you with His song
