Let the music play, yeah
Let the music play, yeah
Let the music play, yeah
Let the music play, yeah

Sun is up, you know it's hot
No sense in worrying 'bout what you ain't got
Talk is talk, action is action
Just tryin' to find my soul some satisfaction

We gotta to take it easy, easy
So easy, gotta take it easy

Tired of all of this running and running, running around
Time to drop on the outside and hit the underground
Better take a little second and check on that
'Cause if not then you'll be burnin' out

We ought to take it easy
We ought to take it easy
We ought to take it easy
We ought to take it easy

Someone's gotta give
Someone's gotta give
Someone's gotta give
Someone's gotta give

Someone's gotta give
Someone's gotta give
Someone's gotta give
Someone's gotta give

Let the music play, yeah
Let the music play, yeah
Let the music play, yeah
Let the music play, yeah

Bring on your music, bring on your song
Let the music play all night long, let the music play

Let the music play, yeah
Let the music play, yeah
Let the music play, yeah
Let the music play, yeah

Turn on your music, turn down the lights
Let the music jam all night
Let it treat you right, rock you right
Do it right, get it right now

On and on and on and on
And on and on and on and on and on
On and on and on and on
And on and on and on and on and on

On and on and on and on
And on and on and on and on and on
On and on and on and on
And on and on and on and on and on
