Verse 1:

One two, what's up with you - did someone
Try to bring you down ? - We're here to
Play for you, we have a little clue - we're gonna
Wipe away your frown - yeah

Dee-wee, take your eyes and see - there's so much
Happiness around - right now this
Song is sad but we will go ahead and
Turn you around and around and around and around

Chorus:

We're here in high spirits - we're here in high spirits
Find a way to find fun in the simple things and the little
things

High, high, high, high spirits
High, high, high, high
spirits
Tell me why we can't always be in
High, high, high - minor comes

Verse 2:

With hope you go to bed, that the
Next day will be alright - Will you
Have the luck to have a happy day or will you
Get into a fight

Are you the one who things he can
Decide it on his own
Is it the energy around ourselves or
Myself who makes things goin' on

Chorus (2x)
