VERSE 1:

When I'm on the beach it's just like paradise

From sunrise to the evening light

We're in the south, it's warm and not as cold as ice

And you've got to taste the heat of the night

BRIDGE:

Come on, come on, we wanna have some fun

Get away from your work

Come on, come on, fun is for everyone

Hey-i-hey-i, getaway

VERSE 2:

Dolphins in the water squeak all night and day

Happiness fills everybodys heart

Sun is always shining and there is no grey

Smoke some wheat and you feel smart

BRIDGE:

Come on, come on, fun is for everyone

Hey-i-hey-i, getaway

Come on, come on, fun is for everyone

Get away from your work
