It feels when heaven when we're together  
So much love is hard to conceal (yes it is)  
A word is a bond that something between us  
whatever you say I want you to know... yea

I wish I could show you  
Hands that can heal  
when Love is the deepest  
cant you could feel?  
And I wish I could show you  
stars in the sky  
and sail seven seas for the rest of our lives (I wish I)

I want your lie to stay forever  
Coz' you don't want the leaves to fall... no  
If I could be strong enough, if i could give in and feel  
your touch.  
Oh baby I know, ill never let you go.. no...

I wish I could show you  
Hands that can heal  
when Love is the deepest  
cant you could feel?  
And I wish I could show you  
stars in the sky  
and sail seven seas for the rest of our lives (I wish I)

If I could be strong enough, if i could give in and feel  
your touch.  
Oh baby I know, ill never let you go.. no...

I wish I could show you  
Hands that can heal  
when Love is the deepest  
cant you could feel?  
And I wish I could show you  
stars in the sky  
and sail seven seas for the rest of our lives (I wish I)

I wish I could show you  
Hands that can heal

when Love is the deepest  
cant you could feel?  
And I wish I could show you  
stars in the sky  
and sail seven seas for the rest of our lives (I wish I)
