"Let's Fly"

Let's fly, be high, let's fly, be high

Let's fly, our hearts flowing, flowing together

Be high, it's rush will always last forever

Let's fly, be high

Let's fly, our hearts flowing, flowing together

Be high, it's rush will always last forever

I will feel you from above me in ecstasy

Let's fly, be high, let's fly, be high

Let's fly, be high, let's fly, be high

Let's fly, be high, let's fly, be high, let's fly
