[Vs1]:

Let me paint a perfect picture
True Love of Jesus Christ the Savior
By His wounds we have been healed
Yes He died so I can live
Yes He died So WE CAN LIVE
Misled like sheep goin' astray
Almighty God He took our pain,
Lost in Darkness bound, But He was slain
Beat & bruised He stretched His saving hands
He shed His blood for us
Ohhh Son of Man!

[Hook]:

On that day He gave himself for me
Nailed to the cross so I could be set free
He loved us from the very start
Now adoration fills my heart
Foreverrr
He reigns!
He took the pain

[Vs 2]:

We were all just hopeless sinners
But His love
Gave us Life & Resurrection...
We were-- made alive by His mercy
By His Blood I've been redeemed
By His Blood We've been redeemed
His Sacrifice remains the same
Now I must change and live by Faith
Let us shout out VICTORY!
Beat & bruised He stretched His saving hands
He shed His blood for us, Ohhh Son of Man!

[Hook]:

On that day He gave himself for me
Nailed to the cross so I could be set free
He loved us from the very start
Now adoration fills my heart
Foreverrr
He reigns!

He took the pain

[Bridge]:

"Father, forgive us
For we know not what we've done"
Now, "It is Finished!"
And the battle has been won.

"Father, forgive us
For we know not what we've done"
Now, "It is Finished!"
And the battle has been won.

He took the pain for us
Redemption from above
Our debts are paid in full
By His mercy, grace & love

(Repeat)

[Hook];
On that day He gave himself for me
Nailed to the cross so I could be set free
He loved us from the very start
Now adoration fills my heart
Foreverrr
He reigns!
He took the pain
