Have to say goodbye,
Please dont ask me why,
When love is gone,
Two hearts are broken,
I cannot help it my loves still alive.

When the time has come,
You got to be strong,
And you got to live on.
See the distant light,
Its shining so bright,
And will show you the way.
cause the world is for you I feel,

You can make it I know you will.

Have to say goodbye....

When the day goes bye and the nights comminin,
I know Im alone.
I walk alone through the streets,
Though Im back on my feet,
Girl its breaking my heart.
But there will be a chance for me,
Ill make it now cause Im free.

Have to.
