Come on and get it while it's here
'Cause it's running out and you're in a rush
Don't wanna get it over there
Wanna get it here but you ain't the first

Come on and get it from me
Come on and get it fast
Come on and get it while it's here
'Cause it's fading out and it ain't gonna last

Hear a call from the other side
I'll give you one good reason
One that's gonna get you high

I got it sitting at my place waiting for you to call
I got it sitting here
I got it ready, got it wrapped, waiting for your call
And I'm itching here

You're like a glass of water
And I'll throw you on the coals
You're like a glass of water
I'll throw you on my coals

Hear a call from the other side
I'll give you one good reason, one to be reckoned

One that's gonna get you high

Yeah, hear a call from the other side
I'll give you one good reason
One that's gonna get you high

One good reason, one good reason
One good reason to go out on a limb
One good reason to face the void
One good reason to leave the rest behind
I'll give you one good reason

Hear a call from the other side
I'll give you one good reason
One that's gonna get you high

I'll give you one good reason, one to be reckoned
One to get it going, it is time to put the rest behind
I'll give you one good reason to go out on a limb
To face the void, to be looking it right into the eye

One good reason
One good reason
One good reason
