Basically I'm complicated
I have a hard time taking the easy way
I wouldn't call it schizophrenia
But I'll be at least 2 people today

If that's okay

And I can go on and on and on... but who cares?

It's deep how you can be so shallow
And I'm afraid cause I have no fear
And I didn't believe in magic
Until I watched you disappear

I wish you where here

And I can go on and on and on... but who cares?

You see, everybody is somebody
But nobody wants to be themselves
and If I ever wanted to understand me
I'll have to talk to someone else
Cause every little bit helps

And I can go on and on and on... but who cares?

Feels like... the surreal life
But it's still nice
Wish I could live twice
but I still might
if these bones heal right
I see a little light
though it's still night

Feels like... surreal like
But its still nice
Wish I could live twice
but I still might
if these bones heal right
I see a little light
though it's still night

And I can go on and on and on... but who cares?

And I can go on and on and on... but who cares?
