Got some bad news  
This morning  
Which en turn made my day  
When this someone  
Spoke i listen  
Ohh a sudden has less  
And less to say  
Oooo how could this be  
All this time  
I lived by carrsioly  
Who's gonna save my soul now  
Who's gonna save my soul now  
How will story  
Ever be told now  
How will story be told now

Made me fell like somebody  
Like somebody else  
Although he was imatied often  
Feel like i would be myself  
It a shame  
That someone elses song  
Was totally  
And completely depended on

Who's ganna sang my song now  
Who's ganna sang my song now  
I wonder  
If i will live grow old now  
Getting high  
Cause i feel so lone now  
I may be just a little selfish  
All i have is the memory  
Yet i never start to wonder  
Is it possible  
You hurt worse than me  
Still my heart turns to greed  
Cause what about what i need  
An aahh  
Who's gon save my soul now  
Whooo's gon save my soul now  
Oo i know

I'm out of control now  
Tired enough  
To lay my own soul down
