Round 2

Whoa, we're back where we started
Whoa, has anything changed at all
Whoa, this once in a lifetime chance
In my hands
It's been a long fight, we'll go another round
It's just a matter of time
Blistered and broken, we'll never give up now
It's all a state of mind
Whoa, we're back where we started
Whoa, has anything changed at all
Whoa, this once in a lifetime chance
In my hands
Whoa, regardless of all this
Whoa, no matter what happens now
Whoa, just don't let it slip away
Slip away
The pressure is building, we'll watch it all come down
Another favorite gone
Reward your meager, a toast to all without
We knew it all along
We'll be alright
We'll be alright
Whoa, we're back where we started
Whoa, has anything changed at all
Whoa, this once in a lifetime chance
In my hands
Whoa, we're back where we started
Whoa, has anything changed at all
Whoa, regardless of all this
Whoa, no matter what happens now
Whoa, just don't let it slip away
Slip away
