Take Me For Granted

Take me for granted again
Let's pretend that this is where you want to be
You've got a secret that's so hard to keep
Yeah, you're fighting just to make it one more day
We lie to keep the truth at bay

Take me for granted again
It's a sin to ever let things get this way
A burden so heavy I struggle to carry
Your weight upon my back, you move react
And I fall prey to your attack

Go for it, go for it
No one can stand in your way
With all the games that we play, I'm losing
Everything, Everything
I'm trying hard to believe
It's getting harder to breathe
I'm falling down

Let this be all that we say
And today will be the end of this charade
I'm treading and trying to breathe but I'm dying
To leave it all behind and start again
As I'm drowning in the, as I'm drowning in the end

Go for it, go for it
No one can stand in your way
With all the games that we play, I'm losing
Everything, Everything
I'm trying hard to believe
It's getting harder to breathe
I'm falling down

Go for it, go for it
No one can stand in your way
With all the games that we play, I'm losing
Everything, Everything
I'm trying hard to believe
It's getting harder to breathe

IÂ'm falling down

Go for it, go for it
No one can stand in your way
With all the games that we play, IÂ'm losing
Everything, Everything
IÂ'm trying hard to believe
ItÂ's getting harder to breathe
IÂ'm falling down
