Stuck here where the city lights are,
I'm scared 'cause I don't know where I'm going,
The city brings me in.
At so many distractions,
So many hard reactions,
And so much to learn.

There's a star that follows me,
It's a big city,
And it keeps my spirit inside.
Take a step and walk this way,
Towards L.A.,
Nothing to hold me back.

The pressure is now on me,
There's something getting through; the city speaks,
And I'm listening.
Take a chance, take position,
Feel the heat as it transitions,
And let the city feel free.

There's a star that follows me,
It's a big city,
And it keeps my spirit inside.
Take a step and walk this way,
Towards L.A.,
Nothing to hold me back.

It's a city where angels are free,
Grab my hand,
And fly with me.
There's no other city that compares,
To L.A.,
And that's where I'll stay.

There's a star that follows me,
It's a big city,
And it keeps my spirit inside.
Take a step and walk this way,
Towards L.A.,
Nothing to hold me back.
There's a star that follows me,

It's a big city,
And it keeps my spirit inside.
Take a step and walk this way,
Towards L.A.,
Nothing to hold me back.

Nothing to hold me back.
