What do you say when you're stuck?
When everything is messed up?
When you're so used to running away?
You know what I'm talking about
They're right suddenly you're left out
It's not so easy this time is it?

How far do we go?
How long must I wait?

I'm waiting and waiting
For what I don't know
I don't need approval
Your love or your home
If you won't accept me
I'll leave here today
'Cause I need to feel alive
And laugh again

It's time to break it all off
Burn a bridge and start a riot
I get the blame for every mistake
Help me forget the things that
they said to overwhelm me
They got us nowhere, look at us now

How far do we go?
How long must I wait?

I'm waiting and waiting
For what I don't know
I don't need approval
Your love or your home
If you won't accept me
I'll leave here today
'Cause I need to feel alive
I need to laugh again

I'm going crazy
And it's breaking up my mind
It's weighing down on me
And leaving me behind

All the time
All the time
All the time
