Let me make this easier on you  
by ripping my own heart out  
you were so unexpected  
so i wrote you in this song  
now i'll set everyone on fire

heres to you, with or without you at all  
STOP! this songs for you

lets make this seem less obvious  
sleep between the sheets  
you were so uninvited  
so i wrote this song for you  
now i'll set every word on fire

with or without you at all STOP!

this songs for you.

ohhh.

x4  
this is not a test, this is not a test.  
this is the beginning of ending in love.

ohhh, this is how it feels  
without you without you at all

woahh, this is how it feels  
without you without you

this is how it feels  
without you without you by my  
this is how it feels  
without you without you by myself
