Aye you a bad ass bitch
on the real i had to come over and say something to
you

Bad bitch gucci shades no panties in a rover
all pink on dubs wit the mink on her shoulders
walked up to you like hi dont i know ya
do u have a boyfriend I think can I show ya
how a nigga suppose to treat his bitch
take her out get her weed & expensive gifts
all i need in return is yo lips on my dick
and let the jynx goose from the back holding ya hips
for our future let's make some plans
spend the rest of our live's in some tropical lands
Bonnie and Clyde be the wifey come hold me hand
for about a day now why you come and fuck wit ya man
but the casa in spain come tuck wit ya man
bently azure maybach come cruise wit cha man
at the mall we can spend some grands
i got my own private beach you can keep a tan mami

girl i want to love you and i want to touch you
be there for you
emotionally and physically
All or nothing yea...

girl i want to love you and i want to touch you
be there for you
emotionally and physically
All or nothing yea...

oh believe this girl fightin over me
she kinda rich, kinda creamy as some ovaltine adoring
me
she turn the camera round be recording me
we drinking champagne on the coral reef
she can't swim and she land lock
i met her in the sandbox
you better hand over them ham hocks
and let me land on them lamb chops
access to your boy sugar
your boy got pole like a ruler

have you leaving sweaty and used up
cause dats what you used to
access to the condo in Vancouver
switch it up
have you in a bungalow Bermuda
tasty sweet
you more than yummy
but mami I'm way too dark to sunbathe
boat cruise from the beach to higher waters
gave her the hi how are ya then theres sayonara

girl i want to love you and i want to touch you
be there for you
emotionally and physically
All or nothing yea...

girl i want to love you and i want to touch you
be there for you
emotionally and physically
All or nothing yea...

can i get a witness now that I mentioned
got three seats she hop in the middle
on my balls now she dribble and Im caught in the
brizzle popped out the wiggle
now it's all in her tiggos
but I'm a pimp i refuse to call
prolly make your toes curl like ya shoes is small
pullin all types of mac in the burby
first thing i ask for the back of your jersey
name a number yea you laugh when you heard me
never nothing to the boy a cat with a Slurpee
i know you heard me
that very early
sometimes love is blind like terry curby
in a fast car i get slowed up
wake up to the boy in the morning like flogers
yea and you know I'd prolly lick you up first
me and you go together like a hook and a verse

girl i want to love you and i want to touch you
be there for you
emotionally and physically
All or nothing yea...

girl i want to love you and i want to touch you
be there for you
emotionally and physically
All or nothing yea...
