(I wanna be
Oh, I wanna be like
I wanna be...
Just like you...)

Ever since
I was a young boy
I dreamed about
What life had in store for me
The future seemed so far away
And so did all the possibilities

Well tomorrow
Is now today
Uncertainty
It seems to cloud my view
I need Your help
To make my vision 20/20
So I get down on my knees
And I lift my voice up to You

I wanna be the way
That You want me to be
I wanna hear You say
That You're so proud of me
I wanna do the things
That You want me to do
Oh, Lord,
I wanna be just like You

Those around
They don't understand
The reasons why I do the things I do
That's okay
I've just got to remember
That the only that matters now
Is You

When I start to worry
About all the things that they say
When the comments seem

To cut me like a knife
That's when I'm gonna stop
And think about all You've done for me
I'm gonna close my eyes
And remember the cross
And thank You for my life

I wanna be the way
That You want me to be
I wanna hear You say
That You're so proud of me
I wanna do the things
That You want me to do
Oh, Lord,
I wanna be just like You

The way I feel I for You
Is more than anything
Than I have felt before
I don't have much
That I can give to You
So take my life
It's Yours

I wanna be the way
That You want me to be
I wanna hear You say
That You're so proud of me
I wanna do the things
That You want me to do
Oh, Lord,
I wanna be just like You

(I wanna be
Oh, I wanna be like
I wanna be just like You, Lord)

(I wanna be
Oh, I wanna be like
I wanna be...
Just like you...)
