I like to think about that night
Long ago
When the Son of God
Was born to Mary and Joe
I have to smile
When I think
About that baby boy

And what He came to earth to do
For me
He took away my sin
And set me free
And now
I just want to celebrate it with you

I love the lights
I love the snow
And I never want
To let you go
When we're standing under
The mistletoe

And through my eyes
It's clear to see
What this season
Means to me
I love Christmas...
And you

I like to look into the eyes
Of a child
As the excitement
Almost drives him wild
I just can't wait
To tear into
All those brand new toys!

And if you listen really close
You will hear
The sound of caroling
Somewhere near

And you can't
Help but with
The night would never end

I love the lights
I love the snow
And I never want
To let you go
When we're standing under
The mistletoe

And through my eyes
It's clear to see
What this season
Means to me
I love Christmas...
And you

The stars are bright
And all around
It's quite the view
But it'll never be
As beautiful
As beautiful as you

I love the lights
I love the snow
And I never want
To let you go
When we're standing under
The mistletoe

And through my eyes
It's clear to see
What this season
Means to me
I love Christmas...

I love the lights
I love the snow
And I never want
To let you go
When we're standing under
The mistletoe

And through my eyes
It's clear to see
What this season
Means to me
I love Christmas...
And you

I love Christmas... (and You)

I love the lights
I love the snow
And I never want
To let you go...

I love Christmas... (and You)
(3x)
