I know you tend to worry
The road we're on
We've never walked before

Just hold my hand and remember
No one else could love you more

I'll do my best to make you happy
And everything I am
I give to you

So from today
Till the day that I'm gone
My heart belongs to only you

I wanna be your friend forever
I wanna love you
Till the day that I die
I wanna see you
When you're smiling at me
And I wanna be there
When you need to cry

From the first time that I held you
I knew I'd never want to let go
I see my life
When I look into your eyes
And a love like yours
Is all I need to know

You read my mind
Like it was a letter
Written just for you inside my head
You understand the way that I'm feeling
Before a single word is said

I don't know why you took a chance on me
But you did
And now I've got you
So from today
Till the day that I'm gone

My heart belongs to only you

I wanna be your friend forever
I wanna love you
Till the day that I die
I wanna see you
When you're smiling at me
And I wanna be there
When you need to cry

What color are your eyes
I can't see in the dark
Let's use the light of the moon
Down at Clover Leaf park
Nobody loves me like you
You're the one I adore
I asked the Lord for my dreams
He gave me so much more
He gave me you

I wanna be your friend forever
I wanna love you
Till the day that I die
I wanna see you
When you're smiling at me
And I wanna be there
When you need to cry

And from the first time that I held you
I knew I'd never want to let go
I see my life
When I look into your eyes
And a love like yours
Is all I need to know

I wanna be your friend forever
I wanna love you
Till the day that I die
