This one's for the hurting  
This one's for the lost  
For those of you who wonder  
You think you've been forgot  
For those of you who struggle  
With the pain that's all your own  
You're asking all the questions  
With answers you don't know

Something bigger out there  
You can't put your finger on  
What it might be  
So hard to trust what you can't see

Have you ever cried in the rain?  
Let your tears hit the ground?  
And asked the one who could  
If He would turn your life around  
He can help you start again  
Help you deal with your pain  
Even when all you wanna do...  
...Is cry in the rain

All you have to do is knock  
At the door of Him  
Who walked in your shoes  
Alone up to that hill  
To face what you could not  
Every time he hears your voice  
Calling out to Him  
In the darkest times of your life  
He will be there  
Cuz he knows what it's like

Have you ever cried in the rain?  
Let your tears hit the ground?  
And asked the one who could  
If He would turn your life around  
He can help you start again  
Help you deal with your pain  
Even when all you wanna do...

...Is cry in the rain

The ones you love  
They let you down  
And I want you to know that I'm sorry  
The choices that they made were wrong  
You were caught in the middle  
And I'm sorry

So when the anger and the pain  
Get the best of you  
I know it seems like you're all alone  
But I am feeling it too

Cuz you're my little girl  
You're the one that I created  
No one in this world  
Could ever be like you  
When you're crying in the night  
All you need to do is call me  
I'll be there for you  
Cuz you're my little girl  
(2x)

Cuz you're my little girl  
You're the one that I created  
No one in this world  
Could ever be like you  
When you're crying in the night  
All you need to do is call me  
I'll be there for you...

...Cuz you're my little girl  
You're the one that I created  
No one in this world  
Could ever be like you...
