Give me a new heart
Lord, to do Your will
I wanna give my life
Up to you

My heart is hurting Lord
Everyday there's something new
Pulling me further from Your love
Lord, what can I do?

I try to look for You
But You seem too far away
So I come before You now
Please hear me while I pray

Give me a new heart
Lord, to do Your will
I wanna give my life
Up to you
My mind, my life
Up to You

I'm ashamed to come before You
Knowing all the things I've done
And I know I've hurt You, Lord
Because You've seen every one

But You say You forgive me
No matter what I do
But I gotta let go of myself
And get a hold of You

I've gotta get a hold of You

Give me a new heart
Lord, to do Your will
I wanna give my life
Up to you

I live my life
The best I know

Just doing my thing
And going with the flow

Even though if I try
It's not enough
Gotta get my mind
On the things above

Do what You gotta do
To make me see
You just wanted me
To live through me

Pick me up
And knock me down
Thank You for getting me straight
Turn me around

What I'm praying for, Lord
Is a brand new start
All I ask of You

I'm gonna give it up
Got to get a new heart

Give me a new heart
Lord, to do Your will
I wanna give my life
Up to you

My heart is hurting Lord
Everyday there's something new
Pulling me further from Your love
Lord, what can I do?
